

Northwind Technologies - Remote and Hybrid Work Policy

1. Eligibility

All confirmed employees are eligible for hybrid work after completing their 90 day probation period. Employees on a performance improvement plan are not eligible for fully remote work until the plan is closed.

2. Hybrid Schedule

Employees are expected in the office three days per week, including Tuesday and Wednesday, which are company-wide collaboration days. The third day is chosen by each team. Fully remote arrangements require approval from both the reporting manager and the Head of People.

3. Home Office Stipend

Northwind provides a one-time home office setup allowance of 25,000 INR, claimable within the first 90 days of eligibility, covering a desk, chair, monitor or lighting. In addition, remote employees receive a monthly internet reimbursement of 1,200 INR against a bill.

4. Availability Expectations

Remote employees must be online and reachable during the core window of 11:00 AM to 4:00 PM local time. Calendars must be kept current, and status must be updated in Slack when away for more than an hour.

5. Working from Another Country

Working from outside the country of employment is permitted for a maximum of 30 days per calendar year and requires prior written approval from HR, because of tax and immigration implications. Requests must be submitted at least 21 days in advance.

6. Equipment and Support

The IT helpdesk supports remote employees over chat and video between 9:00 AM and 7:00 PM. Replacement hardware is couriered within 3 business days. Faulty equipment must be returned within 10 days of receiving a replacement.
